POWERING NEXT-GEN MANUFACTURING WITH AI PLANNING & LOW-CODE

16 OCTOBER 2025, Thursday | Time: 08.30 AM - 12.30 PM
Grand Paragon Hotel, Johor Bahru

FREE REGISTRATION ➔

Manufacturers face rapid change—competitiveness now hinges on agility, performance, and sustainability. AI and low-code are reshaping planning and production with real-time visibility and faster decisions.

Join us for a focused executive session on how AI-driven APS and the Siemens Mendix low-code platform streamline scheduling, digitize workflows, and keep you audit-ready.

Explore practical use cases, see a live demo, and engage in Q&A and networking with peers from across the industry.

TIME	AGENDA
8:30	Welcome Breakfast & Interactive Showcase
9:15	Energizing Icebreaker
9:25	PC Group: Leading the Smart Manufacturing Revolution
9:35	The Future of Smart Manufacturing
10:05	Accelerate Innovation with Low-Code Manufacturing Solutions
10:45	Tea Break & Networking
11:25	Optimize Manufacturing with Advanced Scheduling Technology
12:05	Launch Your Smart Manufacturing Transformation Now
12:15	Networking Lunch & Final Showcase
